

## **Client Personal Belongings Inventory**

Client Name:	
--------------	--

Resource Parents (RP) should complete this form upon admission of a client to the home. It is recommended that the RP keeps running account of all client possessions, as well as store receipts for all clothing purchased for the client during care.

The inventory stays with the RP until the client is discharged from the home, at which time it can be used to ensure Client retains all of their possessions upon leaving the home. Use as many forms as necessary.
